Naval Structure Toolkit - User Manual

Introduction

Plugin installation

Overview

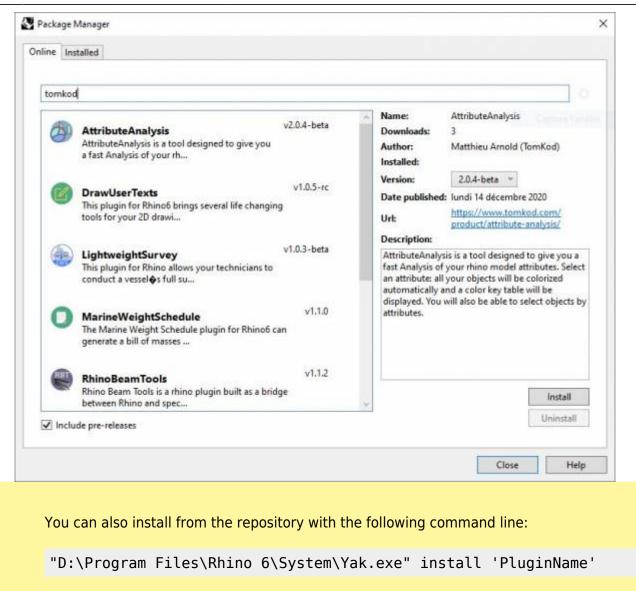

The plugin installer can be downloaded at: Fix Me!A free trial is included, and yearly licenses can be purchased on the aforementioned page. *Naval Structure Toolkit* works for Rhino 6¹⁾, and Rhino7²⁾.

Yak

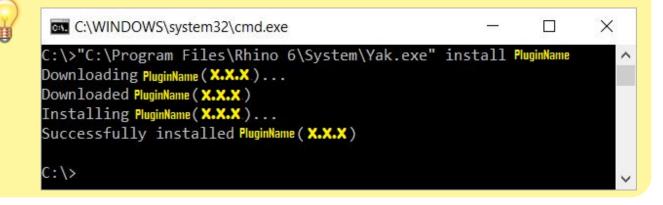

Our plugins are also compatible with <u>Yak</u>, Rhino's new package manager ³⁾, which is basically an application store for Rhino. You just need to call Rhino's command **PackageManager**:

Last

update: 2021/01/28 start:plugins:navalstructuretoolkit:nst-usermanual https://wiki.tomkod.com/doku.php?id=start:plugins:navalstructuretoolkit:nst-usermanual&rev=1611828761 update: 11:12

If you add this in a batch file (*.bat) at windows startup, it is probably the best way to keep all your plugins up-to-date 😉

License activation

Prerequisites

The free evaluation can be used once per computer, and requires network access to www.license.tomkod.com The license activation requires network access to www.tomkod.com

Please check your firewall in case of failure.

Activation form

The activation window automatically shows up when the plugin is loading and a valid license or trial is not registered. If you want to see, change or remove your license while the plugin is already loaded, you can use the Rhino commands **PluginName_License**.

Activation status is always visible on the upper right corner of the form, if the icon is green your plugin will be enabled:

Plugin Status	
Enabled - license is valid	\sim

Trial Tab

This first tab is dedicated to the trial requests. Your trial status is displayed, and the button is disabled if a trial is not available for your computer (Your trial has already been activated, or the server is unreachable)

TomKod license activation - Tal	ble 3.x	?	×

Product key	;				
Activ	ate (Check-Out)		Desactivate (C	heck-in)	
Status: Dis	abled				
Enable floa	ting licenses (Affe	cts every TomKo	d plugins)		
Use a license ce	rtificate				
	native method for of void network activat				

When the checkbox "Enable floating licenses" is checked, every TomKod's plugin will try to deactivate the license automatically when closing (Making it available for another of your computers)

Finally, a license certificate (*.TkLic) can be selected at the bottom of this tab. It allows to activate a license offline, but the license won't be floating anymore. If you need one, contact us at https://www.tomkod.com/contact/

Toolbar

The toolbars for Rhino are always included in your plugins installation directory, or can be downloaded here.

You just have to drag/drop the file "Tomkod.rui" to a rhino window to install them.

Commands

NST_About

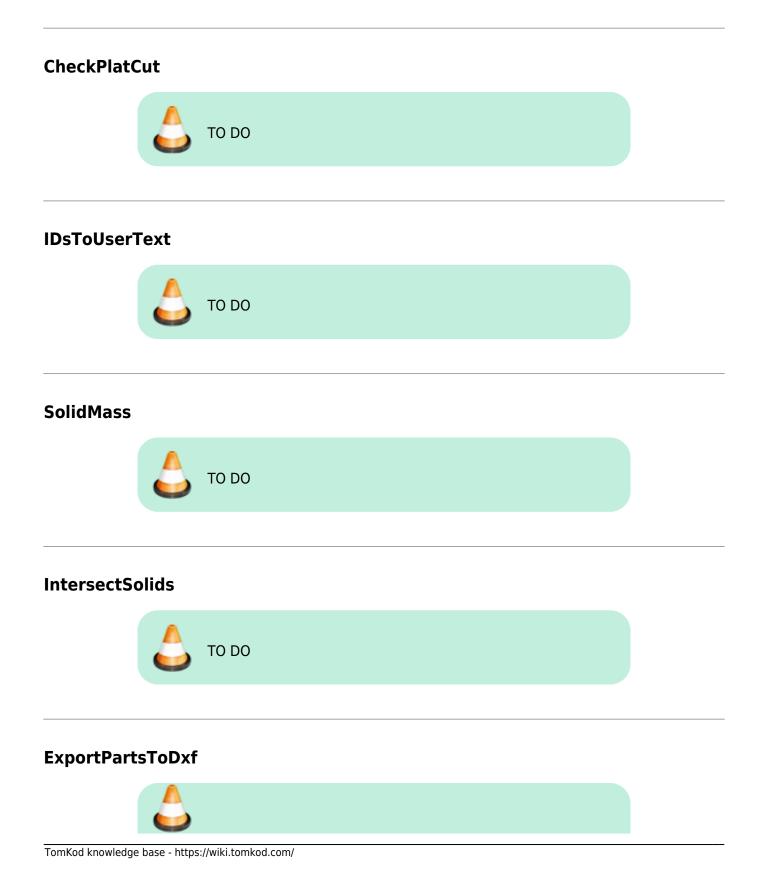

This command can be used only from the command line prompt. It displays the plugin's current revision and license status.

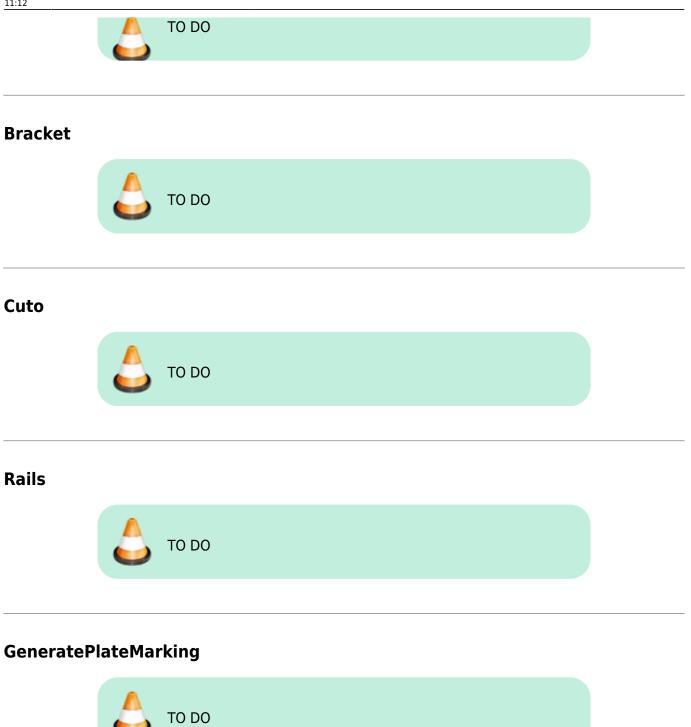

NST_License

This command can be used only from the command line prompt. It displays the plugin's activation form.

See license_activation.
