

# Table - User Manual

## Introduction

*Table* is a plugin for Rhino 3D, designed to add the possibility to create, import or edit spreadsheets in your Rhino document.

## Plugin installation

The plugin installer can be downloaded at: <https://www.tomkod.com/product/tables/> A free trial is included, and yearly licenses can be purchased on the aforementioned page. *Table* works for both Rhino 5 and Rhino 6, but some features only exist in the Rhino 6 version.

Our *Table* plugin is also compatible with Yak, Rhino's new package manager. You can install it from the repository with the following command line:

```
C:\WINDOWS\system32\cmd.exe
C:\>"C:\Program Files\Rhino 6\System\Yak.exe" install table
Downloading Table (3.0.2)...
Downloaded Table (3.0.2)
Installing Table (3.0.2)...
Successfully installed Table (3.0.2)
C:\>
```

## License activation

The free evaluation can be used once per computer, and requires a network access to the following address: 51.254.220.203

The license activation requires network access to [www.tomkod.com](http://www.tomkod.com)

Please check your firewall in case of failure.

## Toolbar

The toolbars for Rhino are always included in your plugins installation directory, or can be downloaded [here](#). To install them, you just have to drag/drop the file "Tomkod.rui" to a rhino window.

## Features and commands

### TableAbout

This command can be used only from the command line prompt. It displays the plugin's current revision and license status.
